RE: U.S. Patent Application No. 09/545,589  
"Method and System for Digital Watermarking"  
Our Reference: 066603.0123

Dear Mr. Cooperman:

I represent Wistaria Trading, Inc., which is the assignee of all rights which The Dice Company has in and to the above identified patent application. I understand that you are identified as an inventor in the above referenced application which is a continuation of another application, U.S. patent application number 08/674,726, filed July 2, 1996. I also understand that you are under an obligation to assign your rights in the above identified application to The Dice Company. As The Dice Company has assigned all rights to this application to Wistaria Trading, Inc., your obligation to assign your rights to The Dice Company would obligate you to assign your rights to Wistaria Trading, Inc.

I therefore request you to execute the following documents and have them returned to me on or before **August 7, 2000**:

1. Assignment of application to Wistaria Trading, Inc.;
2. Small Entity Statement as an independent inventor;
3. Declaration supporting inventorship; and
4. Copy of Specification as filed.

I have enclosed a return Federal Express envelope addressed to my attention for your convenience in returning the signed and dated documents. If we do not hear from you by **August 7, 2000**, we will proceed without your assistance.

**BAKER BOTTS** LLP  
Mr. Marc Cooperman

**RE: U.S. Patent Application 09/545,589**

To Whom It May Concern:

I have recently received communications from a patent attorney, working with my ex-partner, with whom I am currently engaged in litigation (see attached copy). This party, and his attorneys are filing additional patents including my work, and are intentionally providing an incorrect contact address for me as a named inventor. I am not sure what I can do about this. I have searched available forms online at the USPTO, and have found none appropriate to correcting my address. The incorrect information has resulted in a delay of several weeks in receiving important communications from the USPTO – that is, for the communications I have actually received. I previously notified, via mail, Karin Tyson, Senior Legal Advisor, Special Program Law Office, Assistant Secretary and Commissioner of Patents and Trademarks (see attached copy).

Most recently, I have been contacted and asked to sign forms again listing the wrong contact address in regard to application 09/545,589.

Please be advised that you have outdated contact information regarding my address. Kindly append a copy of these materials to your files regarding the application(s) referenced in this letter, or attached materials.

Please direct any further communications to:

**MARC COOPERMAN**  
**251 E 32ND ST (APT) 6D**  
**NEW YORK, NY 10016-6304**

There is additional contact information on the letterhead. Please advise me if you require additional information, specific forms, or if I should contact another office.

Thank you,

  
Marc S. Cooperman
